4-H Leaders Creed.....

I believe:

- The 4-H member is more important than the 4-H project.
- Learning how to do the project is more important than the project itself.
- 4-H'ers should be their "own" best exhibits.
- No award is worth sacrificing the reputation of the member or leader.
- Competition should be given no more emphasis than other fundamentals of 4-H work.
- Enthusiasm is caught, not taught.
- To learn by doing is fundamental in any sound educational program and is characteristic of the 4-H program.
- Generally speaking, there is more than one good way to do most things.
- Every 4-H member needs to be noticed, to feel important, to win and to be praised.
- Our job as a leader is to teach 4-H members how to think, no what to think.

4-H CLUB PROGRAM PLANNING

One of your first responsibilities each year as a 4-H leader is to help your club plan a program for the year. Planning a club program takes time, but this is time

invested in the success of your 4-H club. Good programs don't just happen, but require pre-planning.

Why Plan a Program for Your 4-H Club?

Conducting a 4-H club without a club program is like taking an ocean voyage without a navigator and with not any particular port in mind. You are going somewhere but no one knows for sure where! Putting a program on paper has many advantages.

Here are a few:

- Encourages the establishment and attainment of goals.
- Permits more participation on the part of the members and parents
- Enables project leaders, instructors and guest speakers to be better prepared. Effective teaching takes advanced preparation.
- Promotes better attendance and participation by members, because they are informed in advance of plans, as well as changes in plans when necessary.
- Helps correlate local clubs programs with leader training programs and other county, district and state programs.
- Leaves opportunities for some free time when desired by the group.
- Makes for a better balance of work, play and community services activities
- Let's parents and others know more about work. (Be sure to provide a copy of the calendar events to each family).

A well-planned program will:

- Provide members with significant roles
- Meet the needs of all participants.
- Share responsibilities among members
- Insure a balanced program
- Provide practice in cooperation.
- Provide practice in planning skills.
- Avoid calendar conflicts.

Each club year plan should design with each of the following outlined:

- Time and place of meetings
- Business agenda
- Demonstrations and talks
- Recreation

An average 4-H Club program may consist of:

1. Two or three projects running six weeks each (this is just an average)
2. At least one community service project.
3. A minimum of six business meetings interspersed throughout the year.
4. Recreational activities for each meeting and special events as desired.

5. Participation in area, county or regional events that interest your club members and relate to your club project work (i.e. Public Presentation Workshop; Public Presentation Day; Fashion Revue, County fair, etc.)
6. Educational tours and guest speakers.
7. At least one demonstration opportunity for each member.

Remember, a 4-H club program is a plan and therefore flexible. It is intended for use as a guide and as such you should be amended as needed. When you have completed your program, send a copy to the 4-H office. At the end of the year, you can use your club program to evaluate the progress you have made during the year and make decisions about what you want to do the next year. **A note of caution...** Be realistic in your expectations; start with a few things you know you can accomplish. It is better to add things you know you can accomplish. It is better to add things as you go along than to reach the end of the year and find you have been unable to do most of what you planned because you over planned.

Cortland Co. CCE/4-H website
cortland.cce.cornell.edu

You will find necessary forms, announcements and events posted on the website. If you subscribe to posts on the Announcements Page, you will receive an email when something new is posted.

You ***must have a minimum of 6 business*** meetings a year-the rest that you plan can be field trips, activities etc. You can always do a business meeting every time if that is what you want!

Secretary Reports are due to the 4-H office by the 7th of every month for the previous month's meeting. By getting your reports in on time, your secretaries are eligible to be chosen as secretary of the month, and one overall for honor secretary of the year. Secretary reports can be emailed (*form is on website*) to Jackie (jd28@cornell.edu).

A helpful hint for the beginning of the year: set up a notebook with a personal page or permanent record sheet for each member (also on the website), and as a project is completed they can record it there. This will save time at the end of the year when everyone is scrambling to remember what they did! Time spent on planning is well spent. Begin now to get your club on the right track.

Good Luck! Rebecca Ireland-Perry
