

Camp Programs

DAY CAMP Ages 6-16

Day Camp is for those campers who want the camp experience, but who don't want to miss the action back home. As a day camper you will participate in the same daily activities as "resident campers". On Thursdays we offer a sleepover for all day campers who want to try out the sleep-away camp experiences. Transportation is provided each day for local Cortland youth as well as lunch at no extra charge.

Cost: \$200

RESIDENT and TENT CAMP Ages 8-16

Resident Camp is our traditional overnight camping experience. At resident camp we provide the opportunity for your child to grow, learn and experience new and exciting activities in the safety of our supervised programs. Resident campers explore many different activities and immerse themselves in the special day on Thursday, all while making new friends with their cabin or tent mates.

Cost: \$300

CIT PROGRAM Ages 14-16

The Counselor In Training program is designed to prepare older campers to become Counselors & Leaders. CIT's will take on more responsibilities than normal campers, while enjoying all the fun of being a camper!

Cost: \$300
