

## Arts & Crafts

The campers had a lot of fun at Arts & Crafts this week making ribbon wands, windsocks, splatter paint flags and more!

## Outdoor Activities

Whether it's swimming at the Waterfront, boating, or participating in a game of kickball at the Rec court, we have plenty of activities for all campers to join in!

# OWAHTA LOTTA NEWS

**WEEK 1: Spirit/Patriotic**

4-H Camp Owahta welcomes the new staff as we embark on yet another year of good times and great memories!

This week our counselors and CITs fought a historical battle set during the American Revolution between the United States and Great Britain. We ended our night with a victory party after the Queen of England got tossed in the pond by George Washington!

## Iron Chef Challenge

During Week 1, here at Camp Owahta we host our very own Iron Chef Challenge where campers get to show off their culinary skills! Each team was given all the tools to make a creative dish with the required ingredients!

There was salsa, there were burritos, and there were chips and dip and hungry judges! Awards were handed out based on their team's nutritional values, presentation, teamwork and taste! The judges were very impressed, and full...

Come back in Week 3 to compete again!

## Petting Zoo / Nature

The Camp Director, Maria, always makes time for hikes and walks, especially when it comes to walking our goats!

The Nature Program incorporates feeding the goats, chickens (and the big bunny) we have at the petting zoo as well as teaching proper care of the animals. During nature period campers will also be taken on trails.

They even have the opportunity to do an early morning hike, or perhaps a polar bear plunge to wake themselves up their first morning at camp!

## Oh these hot summer days...

On rainy days we always find unique ways to have fun...but even when it's really hot sometimes a water party is the way to go!

## CITs can have fun too!

Camp Owahta's Counselor In Training program gives eligible campers a chance to demonstrate their leadership skills and help run events with the staff, all while taking part in community service!
