

Ireland Wins Skits Comp

The 4-H Camp Owahta Olympic Games are about more than just athletic competition. It is also a celebration of the history and culture of the countries represented.

Bosnia, Colombia, and Ireland worked hard throughout the week to write, direct, and finally perform their skits for the 4-H Camp Owahta Olympic Officials.

Each skit showed the collaboration and effort of each and every camper. Ireland came out on top in this competition using humor, historical and cultural facts, and great acting to wow the judges and the crowd.

WEEK 6: Olympic Games

4-H Camp Owahta has hosted Olympic Games every year since 1993. This year athletes represented three countries: Bosnia, Colombia, and Ireland. It was a hard fought week and campers showed their skills in soccer, hockey, track and field, swimming, acting, and arts and crafts. The race for gold was neck-in-neck with teams trading out who was in first place throughout the week. The week concluded with Colombia in third place, Ireland in second by just three points, and Bosnia taking home the gold of 25th annual Camp

The Olympic Rings

Each Wednesday campers plan, The interlocking rings of the Olympic games represent the five major continents of the world: Europe, Asia, Africa, North America, and South America. The significance of the symbol is the concept of the linkage through friendship much like the four leaves of the 4-H clover represent dedicating our heads, hearts, hands, and health to better our club, our community, our country, and our world. The aim of the Olympic Games and 4-H is to unite the world through friendship, friendly competition, and a sharing of knowledge. People as one: bringing people together regardless of creed, color, or nationality.

Racing by Land and by Sea

Many of our athletic competitions were a test of speed on land and in water as seniors or cadets. Our swim meet consisted of 50 meter dashes in freestyle, backstroke, and flutter blast, 100 meter freestyle relays, a ping pong push, and a golf ball search. For track and field athletes competed in a cross country race, a 100 meter relay, sprints, shotput, and long jump. In both areas Bosnia dominated the competition giving them a comfortable lead going into *“Golden Afternoon”* where the gold medal matches took place in senior and cadet soccer and hockey.

Thanks for a Great Summer, See You Next Year!!!

We would like to extend the warmest thank you for such a memorable summer. We have seen each and every camper grow tremendously throughout their time here at Camp Owahta and we absolutely cannot wait to see them next year!
