Resident Camp Packing List -Summer 2017

Dear Camp Families,

We are so excited that you are joining us this summer! Many families ask what to pack when sending their child to camp. We have decided to put together a packing list that is just right for our camp. This of course is a suggested packing list and you may decide as a family that you wish to send your child with either more items or less items.

We strongly encourage **labeling** each and every item that your camper brings to camp. This will assist us in making sure that your child leaves camp with what they brought.
