

SECTION 23 - VISUAL ARTS / PHOTOGRAPHY

Photography & Multimedia Design - exhibits must have been created by the exhibitor as part of a 4-H program or project during the current year and should reflect a meaningful, thoughtful process. It is strongly recommended that youth consult instructional materials for guidance during their project. **Options:** Nat'l 4-H Council-Approved Photography curriculum .(<https://shop4-h.org/products/2019-photography-set -of-3>) as well as others. If youth use resources, please include links or listing in your project materials.

LEVELS: VISUAL ARTS/PHOTOGRAPHY

Selecting Your Levels: Youth who have never taken a photography project in 4-H should start in Level I. Youth who have been working on photography for several years should work with educators to select the appropriate level.

Moving Up Levels: Youth who received a white or red ribbon in their class should remain in that same level the following year.

- Youth who receive their first blue ribbon in a level may (*but are not required*) to advance to the next level in the following year. Once a youth has received two blue ribbons in the level they must advance to the next level.

CAMERA TYPES & DATA TAGS:

Youth are permitted to shoot on film, digital and/or cell phone cameras. The type of camera used must be included in project documentation. Youth may use automatic settings but should be able to find the metadata information on the photo to include in project documentation.

- Exhibit must have additional information (Data Tag) attached to the back of the photo/print.
- For cell phone photography, downloadable Apps for Data Tags are acceptable.
 - ANDROID : <https://play.google.com/store/apps/details?id=net.xnano.android.photoexifeditor>
 - APPLE :<https://apps.apple.com/us/app/exit-viewer-lite-by-fluntro/id979066584>
 - **Data Tags - include the following information:**
 - Camera/device used
 - Aperture (F-stop)
 - Exposure time (shutter speed)
 - ISO (film/sensor sensitivity)
 - Lighting used (flash, artificial, sunlight, other)
 - Photo editing software/application used (required for ALL edits and retouches except for cropping)
 - Filters used (lens filters, and or digital/software filters)

MOUNTING:

- Exhibit should be mounted on a sturdy background like mat board or foam core, not in a commercial picture frame (entries will not be accepted under glass or wrapped in plastic) and should be fitted with a device for hanging.
- Preparation of photo for exhibit should be demonstrated good workmanship and use of materials.

SIZE:

- Photos should be sized between 4" x 6" and 11" x 14".

EDITING:

- Photo editing is only permitted in the classes designated.
- Any edited images must be accompanied by a thumbnail print of the original image taped to the back of the exhibit and include an explanation of what edits were made and what software was used.

SUPPORTING MATERIALS AND ENTRY CARDS - Each participant may bring any extra materials they feel will demonstrate the learning experiences of the current project year but are not required to do so. Equipment to view digital images and or portfolios must be provided by the exhibitor.

Be aware that internet/Wi-Fi service will not be available. Failure to properly size, identify, mount or enter exhibit into the proper class could result in a disqualification at the discretion of the evaluators.

Section 23 - PHOTOGRAPHY

Class

- 415** **LEVEL I – BEGINNER A:** Exhibit **matted photos** which demonstrates your understanding of a technique you learned from participating in a photography project. Identify which technique you were focusing on (no photo editing is allowed in this class except cropping & red eye removal). **Techniques include** (*but not limited to*): Simplification, filling A Frame, Rule of Thirds, Framing, Contrast, Lines & Shapes, Symmetrical Balance, Asymmetrical Balance, Depth & Layering, exposure, white balance, triangles, eye lines.
- 416** **LEVEL II – BEGINNER B:** A 8"x10" still-life photo that demonstrates your understanding of (3) three techniques you have learned from participating in a photography project (**no photo editing is allowed** in this class except cropping and red eye removal).
Techniques include (*but not limited to*): Simplification, filling A Frame, Rule of Thirds, Framing, Contrast, Lines and Shapes, Symmetrical Balance, Asymmetrical Balance, Depth and Layering, exposure, white balance, triangles, eye lines. (**Youth must have taken Photography Level I or have educator permission to enter in this class**).
- 417** **LEVEL III – INTERMEDIATE A – PHOTO EDITING** – a edited photo which demonstrates your understanding of a single editing technique you learned from participating in a photography project.
You must identify which editing technique you were focusing on and what software you used to edit your photo. Include a **thumbnail of your original on the back**. (**Youth must have taken Photography Levels I-II or have educator permission to enter in this class**).

418 **LEVEL IV – INTERMEDIATE B – ADVANCED PHOTO EDITING** – edited photos which demonstrates your understanding of a combining no less than (2) two editing techniques you learned from participating in a photography project. you must identify which editing techniques you used and what software you used to edit your photo. Include a thumbnail of your original on the back.
(Youth must have taken Photography Levels I-III or have educator permission to enter in this class)

419 **LEVEL V – ADVANCED – PHOTO STORY/COLLECTION** – a collection of at least (5) five and not more then (10) ten photos that have a connection, a relationship or a story. The photos may be edited or unedited and should demonstrate strong understanding of basic photography techniques practiced in levels I-IV.

- ✓ The photos should demonstrate a relationship to one another, whether they represent similar objects, have a theme or tell a story.
- ✓ The photos should be mounted uniformly whether on one mat or individually. Include original thumbnails on the back s if photos are edited and list the techniques you utilized/focused on in the project. *Examples:*
- ✓ Select a type of photography (examples: portrait, wedding, baby, landscape, sports, fashion, etc.) and explore the skills and equipment needed to be successful
 create a collection of images illustrating a “picture story” or a “documentary
- ✓ Experiment with a variety of lighting intensities and angles and apply your new knowledge to your photography.
- ✓ Learn to see in “Black and White” and explore how removing color changes the mood, focus of attention, or even attractiveness.
- ✓ Use a specialized technique, such as selective focusing or enlarging, to change an image’s focal point, feel meaning, etc.
- ✓ Learn how to use the manual settings on your camera to your advantage (i.e. nighttime photography).

(Youth must have taken Photography Levels I-IV or have educator permission to enter in this class)

420 **LEVEL VI – GRADUATE – PHOTOGRAPHY PORTFOLIO** – All participants in this class will be expected to bring at least (1) one print for display, mounted at your discretion, illustrating what you consider to be the best representation of your skills in photography along with a portfolio of no less than (8) eight and nor more than (12) twelve photos demonstrating your mastery of basic photography techniques learned by completing levels I-V.

- ✓ You may choose to exhibit some edited photos and some unedited photos, and the subjects of the phots do not need to be related.
- ✓ On each photo you will need to identify two of strong points and one area that you would like to improve. Other than the one piece you choose to exhibit mounted, you may exhibit the rest mounted in a portfolio.**(Youth must have taken Photography Levels I-V or have educator permission to enter in this class).**

421 **PHOTOGRAPHY INNOVATION** – Demonstrate the skills and knowledge you have gained through the Photography project. **Your exhibit should not fit in the other exhibits options for this project.** The exhibit may include, but isn’t limited

to, original works, objects, demonstrations, digital presentations, programs, websites, apps, performances, or posters which you have made, and which photography is the main subject. You must furnish and equipment you need for your exhibit. Internet service will not be provided. Electronic equipment will only be used during your personal judging time and will not remain on display during the entire exhibit period.

Examples:

- A website you designed to display your photography
- A digital presentation on the work of a professional photographer
- A poster illustrating how to do a particular photography technique or use a piece of photography equipment.

This class is open to all exhibitors with educator approval. Exhibit must not fit in classes already listed: Level I-IV are encouraged to try something new for Photography Innovation class. It is highly recommended that youth have participated in Levels I-IV previously.

422 MULTIMEDIA DESIGN – VIDEO PROJECT – 4-H THEME: -

Exhibitor must provide proper viewing equipment for the evaluations. Project can be a 30-second television spot, a documentary demonstrating 4-H activities, a narrative or dramatic group project by 4-H members or an information presentation promoting 4-H.

- ✓ Project to feature a 4-H project or activity to promote 4-H.
- ✓ Videos long than 10-minutes should include a short “preview highlights” as a separate disc or file. Project can be submitted as a DVD or a clearly labeled jump drive. If project is submitted as a computer file, clear instructions for opening and...
- ✓ viewing procedures, as well as software requirements should be included in supporting documentation.
- ✓ To ensure that the exhibit can be viewed and evaluated at the fair, the exhibitor should make arrangements prior to the fair for necessary hardware (and software if necessary) to be present, accessible and operating at the time of exhibition and evaluation.
- ✓ Project will be evaluated on technical quality, organization, creativity and ability to communicate a message.

423 COMPUTER GRAPHIC DESIGN – 4-H THEME

Use a computer graphic design program to create an 8.5 x 11 or 11 x 17 poster that promotes any aspect of 4-H. Programs that can be used include but not limited to: Adobe InDesign, Illustrator or Photoshop, and Canva.

The design must:

- ✓ Be computer generated – indicate which software programs you used for design.
- ✓ Use the official 4-H Clover (<https://nys4-h.org/logos-graphics>).
- ✓ If using graphics from the internet note the source and permission for use.
- ✓ Submissions will be evaluated based on composition, typography, clarity of message, proper use of 4-H Logo and imagery and creativity.

424 **WEBSITE:**

- ✓ Entry must include web page address (accessible online) program/software used to design website, website out line, and short description of your site goals and what's meant to communicate to the visitor.
- ✓ Web page acknowledges NYS 4-H Youth Development/Cornell Cooperative Extension and other resources (both human & material) that provided the means for learning and skill development necessary to create the web page.

425 **MULTIMEDIA DESIGN – OPEN CLASS**

Any multimedia (video, web, computer based design) exhibit that falls outside categories. Example: Power Point Presentations.
